Representatives from the city, Safe Routes to School, and City Council introduced themselves and their roles. On Hyridge between Mesa and Tallwood, they are looking at putting a widened side walk for increased use. Also extending sidewalks on Tallwood to Hyridge. One member shared concerns on speeding at the back of the school and on Hyridge. Amir explained how they measure and gather their data. 30 suggestions were given by community for Hill during initial feedback sessions. Members gave some feedback on their concerns. Councilwoman Alder's representatives discussed budget constraints for some updates and requests. There are no current projects on Cima Serena currently. Safe Routes to School focuses on elementaries. A list of unfunded projects will be in their report. Sidewalk team information will be forwarded to CAC for other possible avenues of information. Temporary speeding warnings were explained and are on a request basis from Dipti's office at the city. School zone concern was shared

and general guidelines were explained. One past parent shared hope for more of a police presence around school similar to what is on Mesa with ticketing, etc. Presenters encouraged calling and sharing concerns with APD as appropriate.
