

Join Cub Scouts Pack 511 (Kinder to 4th Grade)

Mark your calendars. Mad Science of Austin is coming to give their “Fire and Ice” show at our first pack meeting on **Wednesday, September 4th starting at 6:00pm**. Your kids will be delighted and amazed by all the crazy antics of dry ice, burp potion, and Bernoulli’s-principle!

Come and see what scouting can do for you. Scouting is a great way for boys and girls to make friends, build self-confidence, explore nature, and become involved in their community. Whether it’s camping or catching their first fish, your child will be making memories that will last a life time. Start your family adventure with Pack 511.

In the past year we have participated in camp-outs, fishing, swimming, archery, hiking, pinewood derby races, live bird demonstrations, marshmallow cook-offs, overnight stays aboard the USS Lexington, outdoor cooking, visits to the Houston Space Center, and much more.

Discover Scouting with the Mad Science of Austin show:

Who: Boys and Girls (Kinder to 4rd grade)

When: Wednesday, September 4th starting at 6:00pm

Where: St. Matthews, Huffman Hall (8134 Mesa Drive, across from Mesa Mart on Steck Ave)

If you have questions or cannot attend but would like to learn more, please contact Stephen Polkowski at stephen@centtech.com or (512) 297-0072.
