

Logging into BLEND on an iPad

Important! Your student will be using BLEND to access their schoolwork each day. In Austin ISD we call it BLEND, but it's really a program called Canvas. The **red Canvas Student** app looks like this. *It should already be installed on AISD iPads.*

If you are using a personal device you will need to download the **red Canvas Student** app. Here's what it looks like in the App Store.

Note: There is also a blue Parent app and a yellow Teacher app. You want the **red** Student app for your child's device.

Logging into BLEND on an iPad

1. Tap on this **red Canvas Student** icon to open the app.

Logging into BLEND on an iPad

2. This is what you will see when you click on the Canvas Student app for the first time. You want to tap the blue **Find my school** button.

Logging into BLEND on an iPad

3. We are connected to Canvas through Austin ISD, so type **Austin** in this box (NOT the name of your campus).

The screenshot shows an iPad interface for logging into BLEND. At the top, the status bar displays the time as 6:33 PM on Friday, August 28, along with VPN and 61% battery icons. Below the status bar is a navigation bar with a blue '< Back' button on the left and a red circular logo in the center. The main content area has a heading 'What's your school's name?' followed by a text input field with the placeholder text 'Find your school or district'. A large, curved orange arrow points from the right side of the screen towards the input field. Below the input field is a blue link that says 'How do I find my school?'. At the bottom of the screen, a standard iOS keyboard is visible, featuring a blue 'go' button on the right side of the second row.

Logging into BLEND on an iPad

4. Once you start typing “Austin” a list of options should pop up. Tap on ***Austin Independent School District***.
